THIS IS PRINCE FROSTY--A gentle, male, silver gray (2 year-old) Skye Terrier, who just loves kids. He is AKC registered and has his papers to prove it. He has also had his rabies vaccine. In fact, Frosty has everything going for him, except he doesn't have a warm loving home. Presently, Frosty is renting a room at Jerry Holloway's Dog Control Center on N. Campus, but is at home and receiving guests daily. He hopes to capture someone's heart and find a place in the sun. Frosty has two other purebred bunk-buddies looking for a good home: an English pointer, female about a year and a half old; and a male miniature black poodle about the same age.

Timetable established Town Center costs reduced

Plans for the Town Center Beautification project have been revitalized by the Downtown Revitalization Committee, some frills deleted, estimated cost pared down, and dates set for bid call and public hearing.

Council agreed Tuesday night with recommendations of the Committee reported by Councilman Zella Stone, and voted to proceed with the project under 1913 Financing Act provisions.

That will permit as many as six different contractors to do the work in their special fields, which it is believed will cut the cost.

Other cost trimming stemmed from a restudy of plans by City Engineer Fred Blanchard and Landscaping Architect Paul Hershey, who deleted some fancier tidbits from the project without doing violence to the original concept.

Deletions and changes affect only such things as sidewalk texture, cleaning existing curbs, eliminating white concrete around the kiosk at Ninth and Second, using brick instead of rock planters, concrete instead of brick in streets, lighting fewer trees, using smaller trees, cutting the number of bike racks, and eliminating the sound system from alleys.

Originally the estimated cost of the project was \$253,000. That grew until it was \$298,000, but the changes and the change in the contracting method under the 1913 instead of the 1911 Act, will bring the cost down to around \$268,000. The 1911 Act proceedings were terminated because of extremely high bids. Protests represented about one-third of the property area.

Cost of the project was the one big factor in the eyes and objections of many protesters at the public hearing Nov. 28.

Only one protest was believed to have been based on opposition to the entire idea of the Town Center

Beautification.

Cost of some of the items, such as alley beautification and white concrete where plain concrete would do were cited by some protesters.

City Manager Elwin Alder said that the following timetable could be pursued, and Council voted a resolution setting it up:

Call for bids soon; open bids Jan. 18; hold public hearing Jan. 23, start construction work about Feb. 5, and complete work by May 31.

Work will go ahead on two other phases of Downtown revitalization not directly connected, but dovetailing with the Beautification project: parking lot expansion and improving peripheral streets.

Contract was awarded to Laird Paving for \$16,551.20 to do the street work on First Ave., C St., Third Ave. and A St., which the city staff would have to be done regardless of the outcome of the Beautification district hearing.

That work will generally improve those streets sur-

rounding the Town Center Project, solving drainage problems in places, particularly on A St.

Contract was also awarded for the parking lot expansion project. Work will start on the lots after Christmas. Payne and Wheatley of Upland submitted the low bid of \$43,601.98, a figure that includes demolishing the old

buildings on the lots, which Alder reported would be less expensive under the contract than having the city clear the lots.

The lots include on First Ave., south of Ninth St., expansion of the lot at Third Ave. and C St., the one near First and C, and the southeast corner of Ninth and Third.

Council gave City Attorney

Don Maroney authority to initiate condemnation proceedings on the latter property, if he should need such power to consummate acquisition. That is the location of Manuel's Garage and S & S Upland Motors.

Council acts as the Parking Authority, governing body of the Parking District, in actions concerning the parking lot improvements.

CC offers landowners firsthand information

If any downtown Upland building owner would like to find out first hand how successful various malls in the Los Angeles area are, they'll have a chance to step aboard a bus Monday and get that first-hand information from the source.

Upland Chamber of Commerce accepted Mayor James Christensen's suggestion that the Chamber hire a bus and offer land-lords a trip to learn what he did on a similar one-

man tour.

All owners of buildings in the Town Center Project were invited to convene at the Upland Inn at 8:30 Monday morning and take the trip. First stop will be San Fernando, where a two-block project is being expanded to three.

Other stops will include Burbank, Montrose and El Monte. Tourers will have a chance to talk to city people and merchants.

The trip will somewhat

duplicate one that Christensen took, on which he learned enough to convince him that if all landowners in the Upland Project territory were there, none would fail to back the local proposal.

Similar information was reviewed by Tony Malone, Chamber manager, at a meeting of the Revitalization Committee Monday, information indicating lower vacancy factors and rising sales after malls of different types were constructed.

Library has Friends

Upland will not only have a new library building but will also have a group of ardent supporters to assist the Library in its efforts to serve the public, Friends of the Upland Public Library.

That organization was formally organized, elected officers and adopted bylaws.

There were 34 at the organizational meeting, but membership is open to anyone and everyone interested in the Library and its service to the community, for \$1 a year.

There are two other classes of membership, organizational for \$5 and supporting, for \$25 a year. Regardless of the membership contribution, each member is entitled to one vote.

Primary aims of the group include fostering closer re-

lationship between the public and its Library, stimulating both public and private financial support, and stimulating volunteer services to the Library.

Among the group's activities will be sponsoring cultural events at the Library.

Judge Henry M. Busch was elected president of the association. Other officers are Harold Barbour, first vice president; Mrs. Glen Deal, second vice president; Mrs. Althea Correll, secretary; and Robert Thrall, treasurer.

Directors are Dr. Lyle Asay, Mrs. George Whitney, Clint Thompson, Jack Blair, Harriett White, Dr. Harry D. Wiser and Mrs. Frances Skewis.

Civic Center Groundbreaking slated

Ground will be broken with a bang for the first buildings of the Upland Civic Center, the Library, at 11:15 a.m., Wednesday, Dec. 13, at Euclid and D.

Fireworks, aerial and subterranean, will signal the start of work on the Civic Center, City Manager Elwin Alder reported to City Council Tuesday night while outlining a program he had initiated.

Taking part will be the Upland High band, mayor and councilmen, and representatives of the Library Board, Friends of the Library, schools, students, parents, business community, cultural community minis-

terial association, and county government.

Because the new Fire Department Headquarters will be built at the same time, James Colgan, volunteer fireman, will also be invited to take part in the ceremony.

All representatives have not been decided, nor invited yet.

PACKAGE WRAPPING--three members of the West End Servicemen's Cheer Group wrap a package to be sent to Vietnam. The first group of 175 Christmas packages going to local boys were sent out by airlift last Monday. Members are (l to r) Bob Enslow, Charlene Bement, and Virginia Dell.

Priorities set WV Plan Agency awaiting funds

By the date of its next meeting, Dec. 27, the West Valley Planning Agency hopes to hear that it has received federal funds to carry on its work that extends from the Los Angeles County line to Rialto.

The WVPA has chosen four top priority projects on which it will concentrate in the immediate future, water, economic study, aviation, and sewage/waste disposal. Just what those studies

will entail may depend on those iffy federal funds, which Jack McDermott, assistant to County Planning Director Neil Philb, says have been unofficially approved by the Housing and Urban Development Department.

Total for the WVPA, if its hopes are realized, is about a quarter of a million, with two-thirds coming from Uncle Sam and the rest in local funds or "in-kind"

contributions, i.e., staff work.

Those four priority projects were chosen from an earlier list of nine.

Aviation didn't get onto the list without some struggle. Mayor James Christensen of Upland, WVPA chairman, and Ontario Councilman Joe Aime, suggested holding off on that one, because SCAG, Southern California Association-

Leading stores join free gift bonanza

A "bonanza" of free gifts is promised visitors to greater Upland retail establishments. Most leading stores are participating in a huge "give-away" in celebration of the closing of the Christmas shopping season, a few days prior to Christmas.

Friday, Dec. 22 at 8 p.m. there will be a public drawing where a \$539 Color TV will be awarded as top prize, plus many other useful items such as wearing apparel, home furnishings gifts, cosmetics, etc.

Larry Magnon, owner of Advance TV Sales &

Service, who sparked the merchant program states it is the desire of participating stores to be allowed the opportunity of exhibiting their fine new stocks of Christmas merchandise, "and we welcome shoppers to compare quality and price with any other shopping sector," he exclaimed.

Note was made by your reporter that no purchase of any item is required - the Christmas "give-away" is a genuine effort on the part of local stores to make a trip to Upland commercial centers more interesting for the shopper.

ENERGY FOR HIRE -- The above members of the Upland Boys Club, are shown displaying muscle and equipment as they complete clean-up work on one of the city's vacant lots. As part of a city beautification project, Jim Price,

boys' director at right rear, transports the boys and equipment to each location of employment. The man-power is far below the minimum wage and the money earned helps the boys get to Calico Ghost Town.

MOVING DAY--for some of the offices of City Hall, which were moved Saturday from City Hall to the annex across the street. Offices opened Monday in the new location are water, building, licenses, and personnel.

Phone numbers remain the same for all departments. With the expansion of the new building, offices remaining in the City Hall and the Council Chambers can be enlarged.

Old Fashioned Yule at Cultural Center

The Chaffey Community Cultural Center will be the setting for an old fashioned Christmas program at 2:30 p.m., Sunday, Dec. 10, directed by Mrs. Beatrice S. Riggs, president.

Mrs. Stewart Wheeler of Claremont will show slides of "Madonnas of the World", accompanied by appropriate music. She will also show some of her outstanding Madonnas from around the world.

The museum has been decorated with a Christmas tableau displaying the residents of the past gathered around a tree decorated with pop-corn. The corn was strung by Brownie troop 22 under the direction of Mrs. Pat Cramers.

Mrs. George Whitney is in charge of refreshments and Mrs. Althea N. Correll will introduce the program. The public is invited to attend, and view the Christmas scene arranged by Mrs. Beverly Chapel.

Miss Rhoda Loeb bride of Dr. Alan Slagle

On Sunday, Nov. 26, the Vivian Webb Chapel, Claremont was the setting for the late afternoon wedding of Miss Rhoda Louise Loeb and Dr. Alan Phillip Slagle.

The bride is the daughter of Mrs. Robert K. Shine of 446 Baughman Ave., Claremont and Dr. Edward Loeb of Upland. Dr. Slagle is the son of Mr. and Mrs. Frank W. Slagle of 10635 Pico Vista Road, Downey.

The double-ring ceremony was performed by the Rev. William Gregory of the United Church Congregational of Claremont. Mr. William Blanchard was at the organ.

The bride, who was escorted to the altar by her step-father Mr. Robert K. Shine, was attired in a gown of lace-trimmed chiffon over peau-de-soie. The lace also bordered her mantilla which fell to the floor forming a chapel train. She carried a cascade bouquet of white spider chrysanthemums and orchids.

Her attendants dresses were of perlimmon wool, with a gold design ornamenting the front panel. The head-dresses were coronets of gold chrysanthemums matching their cascade bouquets.

Mrs. Shine wore an ice-blue alaskine dress accented with matching jeweled buttons and Mrs. Slagle wore a champagne crepe in a tunic design. Their corsages were white orchids.

Miss Barbara Ferrari of San Francisco was maid of honor. The bridesmaids were Mrs. Gerald Garner of San Diego; Mrs. Robert Raaka of Santa Barbara; and Miss Susan Slagle, sister of the groom.

Dr. Slagle chose as his best man John Kincaid of Downey. The ushers were

Dr. Gary Sbarbaro, San Francisco; Dr. Raymond Wilson, Redwood City; and brothers of the bride Lt. Edward Loeb, Jr., Offutt Air Force Base, Nebr., and Stanford Loeb, Claremont.

A reception and buffet at Diamond Bar Country Club

followed the nuptials.

The bride and groom are both June graduates of the University of California, San Francisco Medical Center where she received her B.S. degree in nursing and he received his degree of Doctor of Pharmacy.

The new Mrs. Slagle presently has a position in the Medical Center Hospital.

Her husband is a pharmacist in San Carlos.

After a brief honeymoon the couple will make their home in Milbrae, Calif.

Appels celebrate 50th anniversary

Mr. and Mrs. Edward C. Appel Sr., long-time residents, were recently feted on their Golden Wedding anniversary by members of their family at a dinner in their honor at Orlando's restaurant in Pomona.

Following the champagne social hour and dinner, the honored couple cut a two-tier decorated anniversary cake.

Mr. and Mrs. Appel were married in Orange on Nov. 21, 1917, and have lived in Etiwanda since 1921, where both have been active participants in community affairs.

Mr. Appel was secretary-manager of the Etiwanda Citrus Fruit Association for 33 years before his retirement. The Appels are parents of two sons and a daughter: Edward C. Jr. of Glendora; Wayne F. of Huntington Beach; and Evelyn of Lakewood.

They have nine grandchildren and one great-granddaughter. The best man at the wedding fifty years ago, the bridegroom's twin brother Ted along with his wife from Ontario, were also present at the celebration.

Joining in the festivities were Mr. and Mrs. Edward C. Appel Jr. and son Steven; Mr. and Mrs. Douglas C. Appel, all of Glendora; Harold Appel, Venice; Mr. and Mrs. Gary L. Appel and daughter, Christina, La Verne; Mr. and Mrs. Warren E. Overhuls and son, Tim, Lakewood; and Mr. and Mrs. Brian E. Overhuls of Long Beach.

Others present included Mr. and Mrs. Wayne F. Appel and daughters Linda, Joanne, and Mary of Huntington Beach.

Teenagers will march Saturday and Sunday, Dec. 9 and 10, in support of St. Jude Children's Research Hospital in Memphis, Tenn., a charity long espoused by Danny Thomas.

The hospital specializes in such diseases as leukemia and other childhood horrors.

Upland Chairman Sally Sinclair would like to hear from volunteer marchers who can spend a couple of hours either Saturday or Sunday.

Volunteers will be able to attend a Show of Stars Dec. 18 in the Sports Arena, featuring Thomas, The Seeds, The Turtles and The Stone Ponies.

Mrs. Shaner's pottery for sale at Symphony League Yule luncheon

Pots, but not pans, will be the order of the day at the Thursday, Dec. 11 meeting of the West End Symphony League.

The 12 noon luncheon meeting, held at the Upland Inn, will afford members and their guests the opportunity to purchase pottery donated by Mrs. Sydney Shaner. Note paper will also be sold.

Proceeds from the sales will help defray expenses for the League's "Casino Royale," to be held in March. Following a brief business

meeting conducted by League president Mrs. Henry L. Lucas, members and their guests will be entertained by the Men and Women's Glee Club of Chaffey College. The choir, under the direction of Joyce Shannon, will perform a Christmas program.

Robert Cole, conductor of the West End Symphony, was the featured guest at the November coffee meeting held at the home of Mrs. Francis Fehlman. Cole spoke on the importance of the symphony in the community.

Their selection was based on their presentation to an adult evaluation panel of a "legislative bill" on a topic of concern to the people of

the state of California.

The 'Y' - sponsored program carries out the theme "democracy must be learned by each generation" through a series of interrelated activities. These include the election of youth officers in October, development of legislation in November, selection of delegates in December, training in January, and legislative session held in Sacramento, Feb. 2-4.

"The judge agreed with our decision!" This was a passing comment overheard by Business Law Instructor, George Pryor, after ten of his students had finished serving as a junior jury in a recent municipal court case being heard by Judge Rutledge.

Thirty members of the Business Law class at Alta Loma High School started out on what was to be a routine field trip to Attorney Samuel Crowe's law offices in Ontario. The "routine" part of the trip was never to materialize as the group was quickly split and headed in two directions.

As one group visited the sheriff's sub-station, receiving an explanation of the jail system and then sitting

in on a municipal court session, the other group didn't get past Judge Rutledge. In a surprise move, he quickly pressed the group into junior jury duty allowing them to hear a case and give their decision on the evidence presented.

The group serving on the jury were: Kathy Thompson, Carmen Usery, Ernie Viveros, Wayne Butler, Arlene Marino, Bill Yeager, Ralph Van Fleet, Mike Henderson, Tom Subt, and Elaine Arbezzi.

Order of the Arrow elects J. Schnurr

The Navajo Lodge, Order of the Arrow, the honorary camping association of the Boy Scouts of America, affiliated with the Old Baldy Council, has named Jack Schnurr of Upland as their 1968 Chief.

Serving in the positions of Vice Chief are Al Brongersma of Fontana, and Terry Goodykoontz of Pomona. Brad Isaacson of Claremont is the new Lodge secretary and David Sears of Upland will serve as treasurer.

The annual father-son banquet of the Navajo Lodge was held at the Upland High School Wednesday, Nov. 29. More than 100 members and their fathers saw these new officers installed by Lodge Advisor Dr. Alan Bond of Upland.

The retiring Lodge Offi-

cers of 1967 were honored for their service and dedication during the past year by Walter E. Pearson, staff lodge advisor. They included Chuck Carte of Fontana, Jim Mokri and Terry Goodykoontz of Pomona, and Chipper Hazen and Jim Miller of Claremont.

Elected as the new Chief in the Broken Arrow Chapter of Ontario and Montclair was John Fetsch of Ontario; in the Coahuilla Chapter of Claremont, La Verne and San Dimas it was Bill Shacklett of Claremont; and in the Serrano Chapter of Upland, Alta Loma and Cucamonga it was Dave Nunley of Upland.

Featured speaker of the evening was Dodge baseball player Al Ferrara. He discussed the Dodge's

General Tel wants increase

An application for a general rate increase amounting to \$46 million annually was filed with the California Public Utilities Commission by General Telephone Company of California, according to Richard L. Ohlson, vice president - revenue requirements, for the company.

This is General Telephone's first application for a general rate increase since 1957.

In outlining the reasons for the request, Ohlson said, "The cost of providing telephone service has gone up year after year during the nine years since our last general rate increase in 1958.

"Payroll costs have increased 129% and taxes 108%. When expenses go up year after year and there are little or no increases in rates, the time comes when the proper balance between

revenues and costs can no longer be maintained."

Ohlson continued by citing the rise in the company's investment per telephone. "At the end of 1958, the plant in service investment per telephone was \$381. This investment has gone up 41% to \$537 at the end of August, 1967.

"During this nine-year period," Ohlson said, "the cost of other commodities and services have continued to rise, while our telephone rates have practically remained the same. The Los Angeles consumer price index has gone up 14.1%. The average cost of a quart of milk is up 12.5%, a loaf of bread is up 20.2% and medical care is up about 21%.

"Costs have increased by inflation to the point where the company is not earning an adequate rate of return on its investment," Ohlson continued. "The rate of return will continue to decline unless rates for services are increased. In 1966, the company's rate of return for California intrastate operations was 6.34%.

"On the basis of the current trend, it is estimated that this rate of return will be only 5.67% for 1967 and will drop further to 5.52% for 1968. This is entirely inadequate in the light of current conditions," he said.

In referring to the proposed \$46 million increase, Ohlson stated, "Of course,

approximately \$23 million or 50% of the total amount requested would be paid to the State and Federal governments for taxes.

"Generally, the rate increases would be spread over almost all services offered by the company, including basic exchange service, supplemental service and directory advertising," Ohlson continued.

"General Telephone serves many of the tremendous growth areas in California. In order to continue to add sufficient telephone plant to meet customers' needs and provide the highest level of service possible, the company has a tremendous expansion program underway. In 1967, this program will exceed \$165,800,000 and in 1968, approximately \$179,500,000 is scheduled for new construction," Ohlson stated.

"Every effort has been made over the years to provide the best telephone service at the lowest possible cost, and this continues to be our objective," Ohlson continued. "Yet, telephone rates must be increased to cover the increased costs of doing business. The rate of return is steadily decreasing and an adequate return must be realized to attract additional investment capital. This capital is needed to continue the company's huge expansion program."

In summing up the reasons

for the proposed rate increase, Ohlson said, "The only way in which the company can provide the kinds and quality of service demanded by present and future customers, continue to provide just compensation to our employees and provide adequate income to the company's shareholders, is to obtain the rate increases requested."

Dimes March names education director

Kenneth E. Skousen, chairman of the San Bernardino County Chapter, National Foundation-March of Dimes, has announced the appointment of Gary Kissel of Upland to organize and direct a public educational program in the March of Dimes fight to prevent birth defects.

Kissel, former Ontario Daily Report reporter, is employed as public relations representative for the Ontario International Airport. He has served the voluntary health agency for two years, serving as public relations advisor for the West End area.

In assuming the responsibilities of coordinating educational programs for the local chapter, Kissel stated, "Because there is conclusive evidence that good medical care during pregnancy promotes healthier babies, March of Dimes volunteers are interested in seeing that such prenatal care is available in every

community. "Despite the fact that America has the world's most advanced medical practice, an increasing and appalling number of our mothers-to-be see a physician for the first time in the delivery room. This is a situation requiring immediate and resolute action if we, as a voluntary health agency, are to achieve our goal in the prevention of birth defects.

"And, if our nation is to produce stronger, healthier babies, our research must be expanded as quickly as contributions permit, and the results of research translated into techniques for treating birth defects children at the already established 100 treatment and evaluation centers across the nation.

"Through an intensive public educational program we know that the enlightened public will demand action against birth defects," he concluded.

Singletons set social activities and elect slate of officers

Dean McKee has been elected president of the newly formed West End Singletons Group and has set a prospective member meeting for 8 p.m., Thursday, Dec. 7, at the Outreach Center, First Methodist Church, Upland.

The Singletons is a group formed to help meet the needs of single persons, who are separated, divorced, widowed or never married.

The group formed with the encouragement and support of the local area Ministerial

Association. The club's aim is to assist single members of the society in understanding the special problems faced by single persons.

Programs include social activities, lectures, group participation, and discussions aided by assistance from professional experts.

Other officers of the new club are as follows: Peggy Buckley, vice-president; Kay Grimessey, secretary; Donna Christoph, treasurer; and Laurie Herren Joyce, field activities.

A Christmas party is planned for Saturday, Dec. 16 at the Outreach Center, First Methodist Church, Upland.

Fresh fruits of the season are beautifully festive. Make a fruit bowl centerpiece. It is decorative and a source of good snacks. California's Holiday fruit bowl includes apples, grapes, pears, tangerines and avocados. Nothing could make a prettier fruit bowl.

Pioneer PTA to enjoy art and music programs

"Tones of Christmas" will be the theme of the next meeting of the Pioneer Junior High School Parent-Teacher Association. The P.T.A. group will meet in the school's multi-purpose room Tuesday, Dec. 12, at 7:30 p.m.

The musical program will include selections by the 7th and 8th grade chorus and the 8th grade girls ensemble all under the direction of Mr. Howard Lane. Mr. William Johnson, band direc-

tor, will lead the brass ensemble in several musical numbers.

Parents are especially invited to inspect the murals and decorations on display by the art departments. A special feature of the art students will be the stained glass windows.

The art departments are under the supervision of Mrs. Marian McCallum, Mrs. Polly Moritz and Mrs. Almuth Solomon.

King of Glory Church holds Wednesday service

In celebration of the season of Advent, King of Glory Lutheran Church—Missouri Synod, Alta Loma with the Rev. Thomas R. Koske, pastor will hold Wednesday evening services beginning Dec. 6 at 7:00 p.m.

The first service will be themed "God Calls -- Man Stalls." On Dec. 13 Pastor Koske will speak on "God Makes -- Man Breaks." The final service on Dec. 20 Pastor Koske will explain the topic themed "Man

Despairs -- God Repairs."

These services are to prepare the heart and mind for the celebration of the Christ Child, Advent began Sunday, Dec. 3 and marks the beginning of the church year. The term "advent" means "coming." Therefore, during the four weeks before Christmas, our minds are centered on Christ's Second Coming. His coming into our hearts by His Word and Sacraments and on His first coming in humility. One is

coming in Glory, the second, Coming in Grace, and the third Coming in the Flesh.

During this season the altar paraments are violet which denotes the theme of preparation and repentance.

All worship services are being held temporarily at Sweeten Hall, Hellman and San Bernardino Road, in Cucamonga. All are welcome to attend.

PV Single Adults plan dance party

The Forty Plus or Minus Club invites all single adults over 30, in the Pomona Valley area, to attend the first dance of the month, Saturday, Dec. 9, at the Westmont Community Center, 9th St. and Goldenrod Pl., Pomona.

The Doug Thomas orchestra will play for dancing from 9 p.m. until midnight. There will be mixer dances, hosts, hostesses and refreshments to enable newcomers to meet members.

Now is the time to make reservations early for the Crystal Ball, to be held New Year's Eve, December 31. There will be a buffet supper -- horns, hats, noise-makers, confetti and balloons. Dance to the music of the Doug Thomas orchestra.

Volunteers are needed to help with the food and decorations.

Sponsored by the Pomona Recreation Department, the single adult club meets the second and fourth Saturdays of the month.

Special events, such as trips to Los Angeles ballrooms, picnics and parties are planned for fifth Saturdays.

For more information call Walt Hamilton -- 624-7771.

Carnelian prepares for holiday

The Alta Loma Carnelian P.T.A. will hold an afternoon meeting Dec. 7th beginning at 2:30 p.m. in the cafeteria. An informative film on "Special Education Methods" will be presented by Mrs. Bonnie LaDuke, the primary teacher for hard of hearing children. This film was made in the local classroom.

The Primary Christmas Program will be presented at the school on Dec., 14th at 7:30 p.m. The 4th, 5th, and 6th grade students will contribute to a combined Band and Chorus Christmas Program. This will be held at Alta Loma High School Dec., 6th at 7:30 p.m. Carnelian students are asked to bring canned goods for the Christmas Welfare Baskets during the week of Dec., 10th.

Parents are urged to help their children participate in the Bicycle Safety Day which will be held on Dec., 13th. Bikes will be inspected and licensed on that day.

Yule program

Mr. Donald Bowers, Alta Loma High School Choral director, announces that "A Ceremony of Carols," will be presented by the Alta Loma High School vocal music department on Wednesday, Dec., 13, at 7:30 p.m. in the school auditorium. This program of Christmas music will contrast Christmas music to medieval times with that of the present, according to Donald Bowers, Director. The program is an annual event sponsored by the A Cappella Choir and is free to the public.

Highlighting the first half of the program will be Benjamin Britten's beautiful choral work, "A Ceremony of Carols," performed by the A Cappella Choir, Advanced Girls Chorus, Beginning Girls Chorus, and soloists. Accompaniment will be provided by Denise Vandeveld. Solo parts will be sung by Jean Cary, Joy Garland, Laura Gallucci, Livia McCaffrey, Maryann Carbonara, Cheryl Hamilton, Vicki Erickson, Sherri Valentine, Cheri Morgan, Sharon Wehner, and Ann Davis.

The latter half of the evening will be devoted to carols reflecting the customs and cultures of other countries both early and modern.

Also participating on this segment will be the Madrigal Singers and the Boys Chorus. All groups will combine at the conclusion for a rousing rendition of the "Hallelujah Chorus."

Licence plate renewals advanced to December

The mailman will deliver 1968 license plate stickers and renewal cards to the owners of California's 12 million cars, trucks, motorcycles and trailers during the first week in December rather than after Christmas. Registrations may be renewed during December as well as next January, according to Department of Motor Vehicles Director Verne Orr.

"Advancing 1968 renewals by a month is an economy move," Orr said. "The more vehicles we can re-register routinely in December, the fewer will have to be processed under the stress of large volume later, with the added expense that entails. California citizens have an opportunity to help cut costs, and avoid standing in line, by renewing early."

Registrar of Vehicles John McLaughlin stated that auxiliary registration counters at banks -- a traditional convenience offered in many urban areas -- will not be available until January. In December registrations may be renewed at DMV's 145 statewide offices or by mail. Auto clubs will assist their members with renewals.

License plate stickers for 1968 will be pink, said McLaughlin. They should be applied to the upper right and "sticker identification" of the rear license plate.

McLaughlin also pointed out that the law no longer requires the registration card stub, or white slip, to be "displayed visibly" in or on the vehicle for which it was issued. But it must stay with the vehicle -- for example in the glove compartment -- and must be presented to a peace officer on demand.

In 1921, when Orthopaedic Hospital first opened, the average stay for a crippled or handicapped child was 30 days. Today, most youngsters go home within 10 days. They receive further therapy as often as needed as outpatients in the rehabilitation department. Children today are able to return to their families sooner because of improved treatment techniques, and preventive measures, i.e. the Salk and Sabin vaccines for polio help prevent many crippling diseases of only a few years ago.

As the crippled boy in "Amahl and the Night Visitors." Toni Capparelli, Cucamonga, marvels at the treasures being carried to Bethlehem. The Christmas opera will be presented at Chaffey College Dec. 14-15-16 with curtain at 8:15 p.m. There will be also a children's matinee at 2 o'clock on the final day. Other leads are (from left) Henry Layne, Alta Loma; Matt Scully, Upland; and Michael Le Doux and James Lee, both of Ontario, and Claudia Collins, Corona. There will be no admission charge.

Christmas gift 'Amahl' to play three nights

Chaffey College's Christmas gift to the community will be four performances of "Amahl and the Night Visitors" in the little theater, Dec. 14-15-16.

In addition to evening performances at 8:15 o'clock there will be a special 2 o'clock matinee for children on the final day, a Saturday. Admission will be free but on a first-come basis. The little theater is limited to a seating capacity of 364. The Gian-Carlo Menotti

opera will be directed by Joyce Shannon with staging and costuming by Ralph Strane.

Five college students and one elementary school pupil will head the cast of the Christmas classic which concerns a miracle that happens on the way to Bethlehem.

Performing the role of Amahl will be Toni Capparelli, Valle Vista School, Cucamonga, age 10.

Amahl is the crippled boy who gives his most precious possession, his homemade crutch, in the name of the

new born child and finds that he can walk without it. He accompanies the Three Kings on their mission.

Claudia Collins, soprano, Corona, will take the part of Amahl's mother. Their impoverished home provides shelter for the Three Kings who are guiding on the star in the east. Miss Collins is a freshman.

Two sophomore music majors will take turns in the performance of King Kaspar. They are Ernest R. Sweet, Montclair, and Henry Layne, Ontario, both tenors. Sweet soloed in Chaffey's produc-

tion of "Dido and Aeneas" and both soloed in the spring presentation of "Brigadoon."

Another sophomore music major, baritone Matt Scully of Upland, will appear as King Melchior. He soloed also in "Brigadoon" and performed as Amahl in two different productions of the Christmas opera when in grade school.

In the role of King Balthazar will be Ontario's Michael Le Doux, bass and also a sophomore. He was Pooh Bah in Chaffey's 1965 presentation of "The Mikado."

Assessor praised

The 1967 survey of County Assessor John H. Bevis' degree of equality in the assessment for tax purposes of individual properties (coefficient of dispersion) was praised Monday by Richard Nevins, Southern California Member, State Board of Equalization.

"A vigorous reappraisal program and well established training has indeed paid dividends," Nevins said. "Two thirds of the county assessors cannot match Bevis' overall rating."

"Nationwide experience indicates that because of the complexities of appraising, a variance of less than 20% is a good record and, although few achieve it, 10% variance is excellent. Bevis' report indicates 10% for improved residential property; 17% for industrial; the overall mark is 23%; commercial and rural 32% and 50% respectively."

Nevins explained that the Board's appraisals are part of its responsibility to achieve uniform assessment of properties throughout the state. By law the variance on properties from the Board found average must be published.

"Sample surveys are taken in each county every three years. San Bernardino County will be surveyed again in 1970 on the basis of the 1969 assessment roll," Nevins concluded.

JC host to board

Chaffey College will host the California Junior College Association Southern Region board of directors at 4 p.m. Dec. 12.

Board executive secretary Ralph Newton said that the purpose of the session is to program the CJA Southern Region's spring conference at Compton College. The region comprises 22 colleges. Newton is a business education professor here. Chaffey's business education division chairman Louis Gentile is a regional past president.

Other Chaffey participants in the planning session will be Dr. Harry D. Wiser, president of the college, as administrative representative, and Philip Starr, Faculty Senate chairman, as faculty representative.

Heart No.1 killer in S.B. County

Diseases of the heart and blood vessels maintained their deadly reputation as the No. 1 killer in San Bernardino County again last year.

They took a toll of 2,495 lives, accounting for approximately 51.8% of all the deaths in the county.

The breakdown on causes of the 4,821 total deaths during 1966 has just been released by the County Department of Health.

The percentage of heart and blood vessel fatalities in relation to total deaths in the county is generally about the same as that for the nation as a whole.

Dr. Pierce J. Flynn, president of the San Bernardino County Heart Association said, "These annual statistics serve a purpose in emphasizing the terrible toll of cardiovascular diseases."

"Our hope in saving these 2,500 county residents each year lies in research and giant strides are being made each day toward that goal," he said.

Last year's percentage of heart and blood vessel deaths in the county is up slightly from 1965 when 2,643 persons were claimed by these diseases, 50.6% to the total 5,224 deaths.

UE offering variety

Some 140 programs for adults - ranging from lectures on "The Anatomy of Loneliness" to a weekend painting holiday in the desert - cram the University of California Extension catalog of winter courses being mailed this week and next.

Over 85,000 area residents will receive the black, blue and white catalogs of one-day conferences, week-end programs, lecture series, discussion groups and courses, most starting early in January.

Included are suggestions for Christmas gifts such as a course on "Design for Interiors," family field trips on "Rock and Mineral Identification" or lectures on "Passport to Europe."

Programs are scheduled in 22 locations during both daytime and evening hours. In Riverside, anthropologist Oscar Lewis from the University of Illinois heads a list of outstanding speakers on "The Anatomy of Loneliness" on Thursday nights.

Physicians believe smoking hazardous

Nine out of 10 California physicians believe that cigarette smoking is a serious health hazard and one which leads to heart disease, emphysema and lung cancer.

In a year-long study recently completed by the California Medical Association's Bureau of Research and Planning and funded by the State Department of Public Health through the California Inter-Agency Council on Smoking and Health, over three-fourths of the 2,948 private practitioners surveyed also felt that some type of restraint should be put on mass media advertising by the tobacco industry.

The CMA study revealed that doctors are practicing what they preach. Only one physician in five presently smokes. Twice that number had previously smoked but quit. Forty per cent of the respondents never smoked at all.

When the doctors were asked why they believe smoking is unhealthy, most reported they based their belief on scientific reports and research (84%), experience with patients (63%), and personal experience including family and friends (40%).

Four out of five doctors polled feel they have a special responsibility regarding their patients' smoking habits. Most doctors feel that impressing their patients with the hazards of smoking or suggesting that they quit are the two most popular methods of discouraging the ha-

bit. More aggressive tactics like direct order, hypnosis, family pressure and anti-smoking drugs were less popular.

The doctors indicated the main reason current anti-smoking campaigns are not more efficient is because "people regard the long-term effects of smoking as too remote to worry about."

However, they felt the responsibility for such campaigns rests primarily with physicians, teachers and youth organizations in that order. Doctors felt it particularly important to acquaint pre-teenage and teenage youngsters with smoking hazards.

More than three out of five doctors (62%) would ban cigarette advertising, while more than half would prohibit smoking on all school premises, enforce the age limit for buying cigarettes and require the current warning label also be placed in advertising.

Last year the California Medical Association adopted a position paper on smoking calling for all physicians to abstain from smoking and urging them to advise their patients to do likewise. The physicians also declared their intent to play an active role in the California Inter-Agency Council on Smoking and Health's public educational campaigns. It was for this purpose that the CMA launched its survey into physician smoking habits and attitudes.

Taxes due Monday

San Bernardino County Tax Collector, G. Leon Gregory, announced that the first installment of the 1967-68 real property tax will be delinquent if not paid or postmarked on or before 5 p.m., Monday, Dec. 11.

The normal first installment date of delinquency falls on Sunday and by provision of State Law, continues to the next regular business day, Monday, Dec. 11.

Taxpayers are urged to mail remittances early to assure proper postmark

prior to date of delinquency. Under the provisions of existing state law, tax remittances received with postmark after date of delinquency are subject to statutory penalties.

Special attention is called to the alternate procedure wherein only the stub portion of the statement need be returned with check. In this manner, your cancelled check will be your receipt. It is estimated that this procedure will save many thousands of dollars in tax collection costs.

USIA picks up article by Roberts

It looks like an article bylined by Chaffey College professor Myron Roberts in Saturday Review is going places - even behind the Iron Curtain.

The United States Information Agency plans to reprint the article, "The Making of a City," in The Cultural Bulletin for distribution abroad.

This periodical is published in six language editions and disseminated through U.S. Embassies in Rumania, Bulgaria, Hungary, Czechoslovakia, Poland and the Soviet Union.

Roberts' book of essays, "A Nation of Strangers," was last year published by W. H. Brown and Co.

"The Making of a City" (Sept. 23 issue of Saturday Review) evaluates architect-planner William Pereira's concept for the development of the creative-functional community.

The projected model community centers on the University of California at Irvine as its cultural heart.

AL Braves get final crack at Royal Oak Romans

It happened, for real—Alta Loma vs. Royal Oak in the CIF Class AA football finals, Friday night at 8 p.m.

Location of THE football battle of the season will be at Mt. Sac. Alta Loma will be getting a second swing at the only team to defeat the Braves.

ALTA LOMA center Bill Beckley (31) out positions Montclair's Rich Higgins (35) for a rebound off the opponent's boards while teammates Tim Arner (25) and Rod Stevens (41) await the outcome. Outstanding defensive plays by the Braves throughout last Friday's varsity basketball opener proved to be the deciding factor in the game as Alta Loma High beat Montclair High, 57-39.

this season. The Braves' one defeat was a 14-0 victory for the Romans, who have gone undefeated so far.

Both Alta Loma and Royal Oak have played some top notch ball in the last two CIF outings.

Friday night, while the Braves were knocking off favored Santa Clara, 13-7 the Romans were walking all over El Central 39-0.

While Quarterback Rocky Long can't be denied his moment of glory for that 90-yard run, and Ruben Romo has to shine for that fumble recovery practically on the goal line, the defense of the Braves has to come in for stopping a previously unbeaten team.

Long made that long gallop as the second quarter opened. He was back to punt, but he didn't, he ran. The pass from center wasn't the best, and Long almost didn't have the ball.

He was on his own 10-

yard line. Picking up blockers as he ran, Long thrilled the hometown crowd as he went nearly the length of the field.

A good kick and ALHS led 7-0 at the half.

Romo's moment with a freak play came in the fourth down and that set up the second and winning TD in the fourth quarter.

It was fourth and 25 to go for the Braves on the Saints' 43. Long punted. The ball landed inside the 10, rolled between the legs of Robert Williams of the visiting Saints. Romo downed the

ball on the one, thinking it was Santa Clara's ball, and he wanted to down it before it got into the end zone, from where it could be played 20 yards out, instead of one yard out where he stopped it.

But an official ruled that the ball had touched Williams' leg, making it a recovery on the one.

From there Long plunged off tackle for the second TD, breaking the 7-8 tie that existed since the third quarter.

Santa Clara out-statistics the Braves in the

game, but gutsy play by the Braves saved the day. The Saints were plagued by fumbles (Braves hitting hard), and a pass was intercepted by ALHS, plus the defense stiffened when it really counted to stop the Saints.

There wasn't much scoring in the game, little yardage gained. The Saints netted only 190, 104 on the ground, 86 in the air, and the Braves 156, with 46 on the ground outside of Long's 90, and 20 in the air.

There were 14 punts, however. Average gain per play for the Saints was only 2.6

yards, proving what the Braves defense can do. The Braves averaged 3.5 per play.

When Royal Oak and the Braves met last time, it was the Roman defense that got credit for the win, stopping the powerful Braves with no score.

With the two CIF victories over previously unbeaten teams in the last two weeks, the Braves may be scenting victory over the Romans, and when they get a scent of victory, the develop a come-from-behind type of play that's hard to stop.

They may just give Royal Oak's Romans their come-uppance this coming week end, in a game that should thrill all football fans.

Upland PW sweep

Hawks

Co-Captained by Channing Wolfe and Al Trudeau the Upland Hawks were successful in overpowering the Rubidoux Packers Sunday 19-7 on Upland's home field at Alta Loma High School.

The Hawks made the first score in the second quarter after a series of plays brought them to the 1-yard line. On a quarterback sneak Rudy Alonzo drove the distance. Ralph Valadez ran across the point after.

In the third quarter Bob Fuentes intercepted a packer's pass and raced 52 yards for a TD. Upland scored again in the third quarter on a pass play from Alonzo to Gary Ware covering 26 yards.

The Packers made their TD late in the fourth quarter on a 20-yard run. PAT attempt was also successful.

Head Coach Chuck Harness commented he was particularly pleased with the defensive efforts of Neal Boring, Jim Moore, Mark Emilio and Craig Stadler. On offense he singled out Don Warner for his performance.

SAN ANTONIO LEAGUE CHAMPIONS -- Upland's Cross Country Team pictured above with coach Robert Loney, center back row, have recently been named the San Antonio League Champions. Team members are from the left:

Stan Self, Dewey Szemenyel, Joe Rodriguez, John Henderson, Robert Sos, Joe Perkins, Harlow Cameron, Gary Bayer and Doug Slater.

Coach Dave Zuccolotto and aide Jim Taylor played all their boys, and at various positions. All have high hopes for the play-off between the Eastern and Western Divisions, for then it's the Steeler Bowl. These boys and the Coaches have really given their all and are very proud of their achievement. It goes without saying that these boys deserve a home field of their own in the city of Upland.
